ABOUT THE KENNELS

We have high spec., purpose built kennels, and staff that really care about your dogs. Surroundings are secure, bright & friendly and music plays 24/7.

All dogs have individual heated internal rooms to cater for varying needs of each dog, with access via a hatch system to their own covered runs, which are well sheltered & UVC protected. Single and double rooms are available

Dogs are exercised twice daily, either lead walking around local quiet lanes, or ball play in one of our secure paddocks or our hard-standing play area for a good run around (if suitable)

Grooming is also part of the day's routine, giving your dog another trip out of the kennel to our grooming room for a quick brush over and fuss. We also offer a shampoo and blowdry – see pricelist

Beds, bedding, toys, treats etc are all provided as are bowls, brushes, towels, leads, muzzles etc.

Training can be incorporated in to your dog's stay with us if you wish, based on your specific needs. Please ask for quote.

We feed Wagg complete meal & tinned meat for those dogs that have it. Should your dog be on a special diet or have a delicate stomach you are welcome to send their own food.

Dogs are handled by one of our small, experienced team. We love ALL dogs and will give your dog loads of TLC and cater for their individual and specific needs during their stay. The dog's soon get to know us as there are not loads of 'extras' helping.

If you have any special requests, do speak to us and let us know.

TO BOOK

You can book by phone or email (answer-phone is on most of the time). Please leave details of exact dates you wish to book, your name, address, the dog's name and breed, contact details, Vet details and whether you require collection or are bringing the dog to us. We will return your call / reply as soon as we possibly can.

Your dog must be vaccinated against distemper, parvovirus etc., and cannot be accepted into the kennels without an up to date vaccination record, which we need to keep on site. We do not insist on kennel cough vaccine, although highly recommend it. Please ensure kennel cough vaccinations are given in plenty of time, at least 3 weeks before the dog is due to come in. Any doubts or queries - consult with your Vet

2 DAYS BEFORE

Please phone / email us to pre-book a collection / delivery time between **8.30am – 5.30pm (Mon – Fri) 9.00 – 10am / 4.00 – 5.30pm weekends**. We are closed Mon – Fri for lunch 1.00 – 2.00pm

ON THE DAY

Plan to arrive at time you have booked. There is no need to send anything with your dog unless you really want to. If your dog is prone to tummy upsets you can send your own food if you wish. Please bring/ have ready the vaccination card. Payment can be made on arrival or departure, please see price list for details of how to pay. **We do not have card facility for payments.**

We look forward to hearing from you and will do all we can for you and your dog/s.
